SUMMARY

a passionate and dedicated entry-level web developer, I bring a foundational understanding of HTML, CSS, and JavaScript to the table. My academic and project-based experiences have equipped me with a solid grasp of web development principles, enabling me to craft responsive and user-friendly websites. My proficiency in these core technologies is complemented by my ability to quickly learn and adapt to new tools and frameworks, ensuring that my web development skills remain on the cutting edge. I am committed to leveraging my knowledge to create engaging web experiences that meet and exceed user expectations. My collaborative spirit and problem-solving capabilities make me a valuable team player in any web development project.
